Unisto Slider

High security pull-tight security seal is the optimal solution for sealing bags, boxes and roll cages used in the courier services, cash in Transit and Transport sectors. Strap dimension of 7.0 x 2.2 mm offers a high tensile strength. Unique stainless steel locking mechanism gives a tamper-resistant fit. Tear-off option offers easy removal. Spikes on ribbon gives good grip on neck of any bag. Numbered & barcoded options streamlines any logistical process. Various plastic colours available.

Features of this security seal

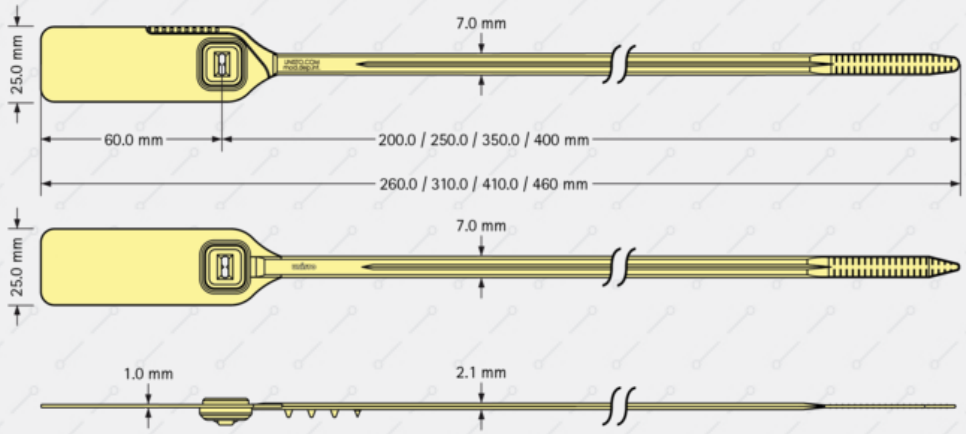

Type of Seal
Adjustable Length Seals

Application
Bags, Roll cagges

- An all new 4-pronged spring metal insert that grips and cuts into the plastic ribbon when pulled back
- Unique 4-pronged spring steel insert to prevent post-sealing tampering
- Cap is secured by unique hot-welding and leave marks of attempted tampering
- Ribbon snaps once there is any attempt to reserve the sealing
- Unique groove on the ribbon to prevent any attempt to seal from the reverse direction
- Innovative tear-off design, breaks only with a twist to prevent accidental or intentional breakage during transit
